

PRODUCT PORTFOLIO

Backup and Restore Software for All Your PCs and Servers

Complete data protection that aligns with common regulatory requirements for securely backing up your data and systems. Supports a variety of backup media, from NAS, to SAN, RDX, Flash, USB, and Cloud (NovaBACKUP Cloud and S3-compatible storage).

Optimized for small and medium-sized companies, system integrators, managed service providers, and highly regulated industries such as medical and dental practices, law firms, and CPA offices.

Managed Backup Services

[Call for details](#)

NovaBACKUP Managed Backup

A centrally managed data protection solution for local and cloud backup with your choice of cloud storage: NovaBACKUP Cloud, on-premises servers, or data centers of your choice - or any combination thereof. With multi-tenant access, you can scale your backup-as-a-service to support anywhere from one to a thousand clients. End-to-end AES-256-bit encryption ensures that your data can't be accessed by ransomware or other malicious attacks.

Usage-based pricing; starting as low as \$40 /month

Microsoft 365 Backup & Archive

[Call for details](#)

NovaBACKUP M365 Backup

Backs up and archives data from Microsoft 365 applications, including Mail, Calendar, Contacts, Tasks, Groups, Teams, OneDrive, and SharePoint. It comes with a simple and easy-to-use web-based interface for multi-user access and relevant insight into email analytics. Your and your customers' data is AES-256 encrypted in transit and at rest, and stored in compliant data centers.

Usage-based licensing
